WAYS TO MAKE IT WORK

Plan outfits IN ADVANCE

1

Starting with clothing choices, your clothing needs to fit with the colour scheme of the setting. For example, in an orchard with a lot of green I recommend opting either for neutral tones such as cream and soft browns along with denims and pops of colour such as mustard or reds. If you're unsure go neutral with pale colours or blacks and whites using patterns and textures. As tempting as it is, try to avoid matchy matchy siblings outfits and include closed footwear.

If you're unsure, send me a phone shot of your outfits a week or so before your session and I'll take a look. I also have a few outfits which can be borrowed if needed. And check out my pinterest board for inspiration too.

It's all about **THE LAYERS**

As with Spring, this time of year can be sunny one moment and chilly the next.

Layer vests under a shirt or dresses under jackets, cardigans or jumpers. Add a hat for a bit of fun or a pair of cowboy boots or wellies if the ground is damp.

Add variety to your images by mixing things up by removing or adding layers midway through your session.

CHECK DIRECTIONS

Check your confirmation email for directions to the mini session location. If you need additional information feel free to get in touch or call me if you lose your way enroute.

30 MINUTE SESSION

These sessions run back to back so to ensure we get the full 30 minutes to capture your images in a fun and engaging way it really helps to arrive on time.

KEEP IN TOUCH

Even with the best will in the world, plans don't always pan out - if you know you will be late call me as soon as you can and I'll do my best to fit you into the schedule.

EAT

Avoid 'hanger' moments and ensure everyone has been fed and bring along a snack and drink.

SLEEP

Where younger children are concerned consider booking a timeslot which fits their feeding and nap times.

PREPARE

Tell your children about the photography session in advance, more importantly about the fun we'll be having!

fun is
